

ACROSS

- "Superser" needs this around.
- Opposite of tights?
- Flight, not just TopGun...
- ... but Maverick's rival needs no cryokinesis. He's cool.
- Unbounded sea, the last unexplored place.
- Become visible, one like us, I hear.
- Last man on the moon found in discernance.
- Makes a field almost pink.
- Take the main artery? Sounds like he should!
- Unknown author around a hundred gets the big "E".
- In the dark places, destructively.
- Sounds like you have to dress for dinner at Jo-Jo's home.
- Magnificent group or clan joins with an alien.

- Hindu holy man denies himself but sounds happy.
- Sophisticated, of the city direction.
- Egyptian cotton around the Nile bend.
- Quotidian and mundane.
- Causing mischief about scalar.

DOWN

- What a state to get into for a TV screen!
- Body gives direction on quality assurance.
- All the same, muddled if on rum.
- Fastest milkman randomly made investors rich.
- Knowledge about a millilitre of a French river.
- Sending messages about cocoa in tin, mum.
- Colouring a relative

- around between poles.
- Imperceptible, laban rip piece shuffled.
- Separatist movement guesses when it'll get there.
- Mine!
- Chimpsky, Henry's corporal.
- Orientation is a state of mind.
- Atomic, molecular, and optical physics, initially, studying matter-matter and light-matter interactions.
- 3, 4, or 5? Depends not least on how you assess it.
- In place of and within Alain's tea dance.
- In pieces, user Dan is confused.
- Not a Pixie, a Free Elf.
- Free-falling laboratory in this sense.
